

Market Views for 22 June 2021

NIFTY:

Sup: 15760**/15690/15620

Res: 15890**/15950**

Market seem to perceive 15750 as Pivot and 250 points above and below are the arc. Every time the Pivot is crossed we can see at least 100 points sharp moves. Monthly Option open interest suggest one attempt of 16K before another major fall. Bank NIFTY has a major barrier between 35300-35700. The breach of this zone can surprise the market. Crucial levels to watch are 15760-15690 on the downside and 15890--15950 on the upside.

USD/INR: 73.90/73.75

74.32**/7445/74.75

74.32 likely to be a strong resistance which is likely to give-up sooner. Any sharp decline towards - 73.75-73.60 is seen as opportunity for long. Expected range. 73.75-74.45.

Gold:

Expect 1750 to generate buying interest and hold for reversal. Expected range 1750-1790
