Res: 17520\*\*\*/17580\*\*/17630

A close below 17520 suggests that the sentiments would continue to face selling pressure on any spike. Market behaves similar to the impact of climate change. The intensities are sharp in a shorter span. Expect a choppy session. The linkages between markets are seen which is a matter of concern. 17360-17410 range to be watched.
